HOMES FOR SALE

UNIQUE LOCATION

The heated pool and therapeutic whirlpool are always open to members and their guests.

Paved curving roads, with turnouts for parking, link the 132 triangular lots.

The clubhouse accommodates a library, social hall, pool room, lounge, craft room, large kitchen and card room.

The Woods

A mobile home community for adults on thirty-seven wooded acres adjacent to state park lands. This is like no other mobile home park you have ever seen . . . We wanted it that way because we live here.
